

Fall Citrus Fundraiser

This is an individual fundraiser with proceeds to go into individual fundraising accounts to offset the costs of the competitive season. We will be offering cases of seedless navel oranges and pink almost seedless grapefruit for \$45.00/case with \$10/case allocated to your fundraising account. (We can also sell ½ cases for \$25.00/ ½ case with \$5.00 allocated to your fundraising account.) Each case contains a minimum of 32 grapefruit and 40 oranges depending on the size of the fruit. The fruit is from the Indian River area of Florida.

Solicit orders from your friends and family and collect payment at the same time you accept the order. Use the order form provided to keep track of your orders. Before the deadline on November 11, you will need to transfer the total number of cases of oranges and grapefruit you have sold onto the group order form. The group order form will be kept at the front reception desk at the Aquarena. Fill in your name, contact number and your order. ONE cheque for your total order should also be submitted in an envelope. A large envelope will be placed with the group order form for this purpose. No orders will be processed without prior receipt of payment.

On citrus delivery day, you will receive a call to pick up your order at the former Dominion parking lot on Torbay Road at a specific time. We do not have a storage facility for the fruit so it will have to be picked up from the truck as it arrives. Help organizing the unloading of the fruit would be greatly appreciated. Please contact Kerri Wareham if you can assist with the unloading or if you have any questions. Once you have picked up your fruit, it is your responsibility to arrange delivery to your customers.

Order Deadline: November 11

Anticipated Order Delivery Date: December 4

Contact Person: Kerri Wareham

Order delivery date: December 4
